

SM-J (E/K/T/C) / E

STAINLESS MUG

Model No. SM-J

Name of Each Part

When using a vehicle cup holder accessory:

Always keep the Lid Set securely closed when not drinking.

Beverage may spill if the mug is tipped over, causing scalds or injury.

Make sure the mug fits into the holder securely before placing it in.

Do not use the mug if it does not fit into the holder securely as it may tip over and cause scalds, injury or acci

Consume beverages within the same day to prevent from spoiling.

Beverages left inside for a long period of time may spoil and produce gas that may cause the Lid Set to burst or beverages to spill, causing injuries and scalds.

Do not fill the mug with the following:

- Dry ice and carbonated drinks: contents may spill out or the pressure may cause the Lid Set to burst, causing injuries.
 - Liquids high in sodium such as soup and Kobu-cha: although the liner is made of 18/8 stainless steel and is nonstick coated, salt may cause rust resulting in loss of thermal insulation.
 - Dairy products and fruit juice: if left inside for a long period of time, contents may spoil and produce gas that may cause the Lid Set to burst, causing injuries.
 - Fruit pulp and tea leaves: may become caught on the Stopper Gasket and cause contents to spoil.
-

When filling the mug with sports drinks:

- Rinse the inside of the mug as soon as possible after consumption to prevent rust and/or pinholes.
 - Clean the inside using a soft sponge to protect the nonstick coating from being scratched.
-

Warnings & Cautions

<p>Do not allow hot kettles to touch the Mouth Ring or the mouth of the mug. The mug may tip over, causing scalds.</p>	<p>Avoid dropping or hitting against hard surfaces. Damage to the plastic or stainless steel surface of the mug may reduce its ability to retain heat.</p>
<p>Always disassemble the Lid Set when washing and wipe dry. Water may collect between the Lid Cover and the Lid Set, or water may drip out if not dried well.</p>	<p>Do not rub the design on the outside of the mug strongly. It may come off.</p>
<p>Store the mug upright when carrying inside bags to prevent beverages from spilling.</p>	<p>Do not leave a tea bag inside and close the Lid Set. The tea bag may swell and cause leakage or cause drinks to spill out.</p>
<p>Do not tilt the mug suddenly when drinking. The beverage may spill and cause scalding or stain clothes.</p>	<p>Do not hold the mug by the Lid Set or Lid Cover. The mug may drop and cause injuries.</p>
<p>Do not force large ice cubes in. Doing so may cause deformation or damage to the product.</p>	<p>Clean the Stopper, Stopper Gasket, Mouth Ring and Mouth Ring Gasket after every use. Not doing so may cause decay, mold, odor or discoloration. It may also cause leaks.</p>
<p>Do not attach parts other than those specifically for this product. Doing so may cause leaks or breakage.</p>	<p>Attach the Lid Set properly and turn the mug upside down to make sure contents do not leak.</p>
<p>Hot tea may discolor if stored for a long period of time. We recommend the use of tea bags and brewing right before consumption.</p>	<p>The rattling noise that may be heard when the product is shaken comes from the copper or aluminum foil in the vacuum insulation to increase heat retention and does not indicate a malfunction.</p>
<p>Be sure that the Stopper Gasket and Lid Cover Gasket are attached properly to prevent beverages from leaking.</p>	

How to Take Care of Your Mug Always clean the mug after use.

- For better usage, please remember to clean after every use.

Exterior, Lid Set and the Mouth Ring Set	Wash with warm water and mild dishwashing liquid using a soft sponge. Rinse, shake a few times and wipe dry. <ul style="list-style-type: none">● Remove the Stopper Gasket from the Lid Set and the Mouth Ring Gasket from the Mouth Ring before washing.● Please use a small brush (sold in stores) if necessary.
Interior	Wash with warm water and mild dishwashing liquid using a soft sponge with handle, rinse and dry. <ul style="list-style-type: none">● Keeping the inside clean will help prevent odors.

When Cleaning Your Product:

- Do not use a dishwasher or dish-dryer. Do not boil to sanitize.
- Do not use bleach on the outside of the mug.

The design on the outside of the mug (paint, printing, stickers) may be removed.

- Do not clean with thinner, benzene, abrasive cleaners or other harsh cleaners.
- Do not use chlorine type bleach.
- Do not soak in water for an extended period of time.
- Wipe moisture off thoroughly to prevent water stains or rusting.
- Thoroughly wipe off any water between the Lid Cover and Lid Set.

To Remove Rust Spots and Water Stains:

You may find rust spots or water stains caused by impurities in the water. To remove these stains, fill the mug with hot water with 10% vinegar and let stand for 30 minutes to an hour without attaching the Lid Set, then wash the interior thoroughly.

To Remove Coffee and Tea Stains:

To remove coffee and tea stains from the interior, the Lid Set and the Mouth Ring Set, we recommend using Zojirushi's cleaning detergent SB-ZA01/SB-ZA01E. Always remove the Lid Set when using SB-ZA01/SB-ZA01E. Contact Zojirushi Customer Service or your local dealer for further information.

Replacing the Stopper Gasket and the Mouth Ring Set

We take care in only using materials that are safe and hygienic for food contact. However, if plastic parts become damaged or its surface becomes rough, please replace them for optimum performance. The Stopper Gasket and Mouth Ring Set may need to be replaced due to time and wear. Please check them about once a year. When replacing parts, please record the model number and part name beforehand. Then contact either the store where you purchased the product or Zojirushi Customer Service. Replacement parts may be available for an additional charge.

How to Disassemble the Parts
